## PEARL 900 SERIES CYMBALS THE NEW SOUND OF EXCELLENCE

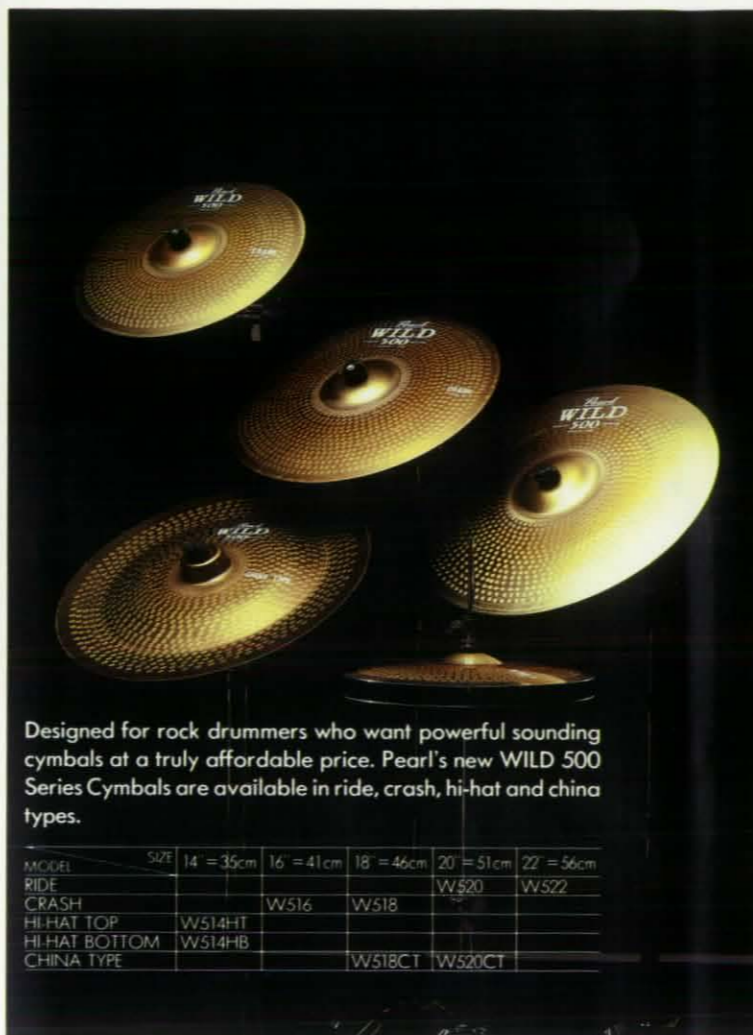

It is true that a few manufacturers are producing good cymbals, as well as a few manufacturers that produce great drums. However, there is only one company in the world that can do both, and that company is Pearl. At Pearl we consider cymbals a vital part of any drum kit. And being concerned with giving our players the best overall sound possible, we are introducing the CX-900 and WILD 900 Series Cymbals. Truly top professional quality cymbals to match Pearl's pro quality drums. The 900 Series is an idea born from Pearl's drum artists search for the ideal cymbal sound. From the choice of materials, shape and weight, to pressing, hammering and heat-processing, every step is the hybrid of old world craftsmanship with new world technology. Traditional CX-900 and forceful looking WILD 900 are both available in various sizes, weights and styles, answering the needs of drummers in all types of contemporary music today.
